

**How do you feel about mathematics this year?**

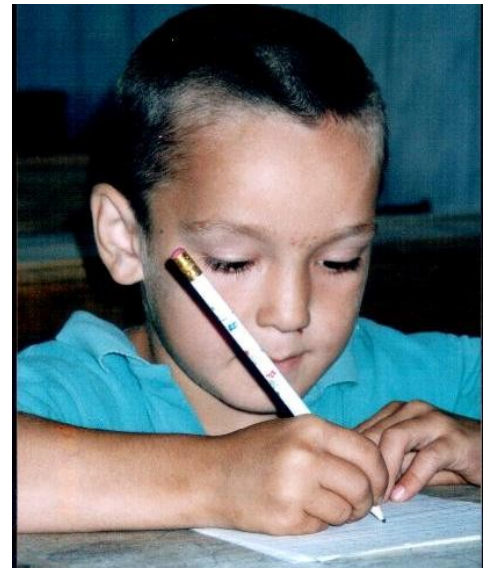

**How did you feel about mathematics last year?**

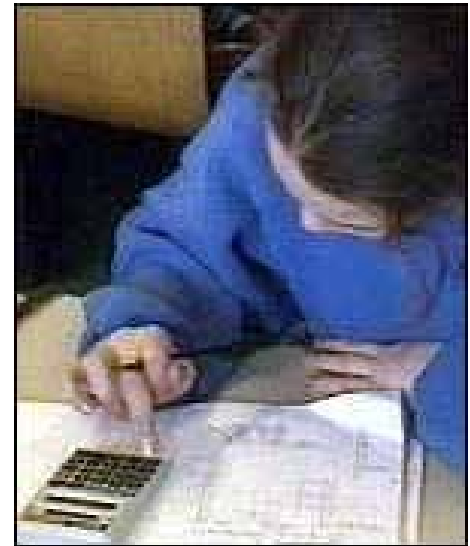

Sharing at the board

Writing

Using computers

Using calculators

Discussing in groups

Working from textbooks or worksheets

Listening to the teacher

Practical mathematics

**Looking at these pictures, what do you do in mathematics lessons this year?**

**Can you pick 3 activities that you feel you do most?**

**Please order the pictures, putting that what you feel you do most in the lesson, first.**

**Imagine you are holding a pen in a  
mathematics lesson and you are asked to write.  
What would it be you are writing?**

# In maths lessons I...

- |  |       |           |       |
|--|-------|-----------|-------|
| • Have imaginative ideas                         | Often | sometimes | never |
| • Ask questions                                  | Often | sometimes | never |
| • Make mistakes and use them to learn new things | Often | sometimes | never |
| • Am organised and systematic                    | Often | sometimes | never |
| • Look for patterns and connections              | Often | sometimes | never |
| • Keep going when it is difficult                | Often | sometimes | never |
